

**ST. FRANCIS CAMP ON THE LAKE  
10120 MURREY ROAD  
JEROME, MICHIGAN 49249**

**MEDICAL MANAGEMENT STATEMENT**

Medical Needs are handled by a Licensed Nurse who is present on site 24 hours a day. The Nurse will handle passing of all medications and PRN's. Basic First Aid is given for any accidents. If the injury or illness is more severe, the Camper will be taken to Hillsdale Community Health Center (Hospital). We have a Doctor on call 24 hours a day through the Emergency Room of Hillsdale Hospital. The Director, Nurse and Assistant Director are all certified for CPR for the Professional Rescuer.

We are a camp in a rustic setting. Anyone who is Medically Fragile does not belong at camp. We do not have the facilities to handle campers who need Specialized Medical Care. Examples are: Open wounds, unstable heart problems, campers with feeding tubes that need to be fed through the night, campers needing to be catheterized or to have their blood pressure taken more than 2 times a day, campers whose immune systems are compromised or campers that have been sick within 2 weeks of their camp date.

Any specialized items such as dentures, glasses and hearing aides brought with the camper are your personal responsibility. St Francis Camp can not reimburse for lost or damaged items. Campers who must have these items should bring proper containers for storage when not in use. If your camper can go without these items please leave them at home.

**ALL CAMPERS WHO TAKE DAILY MEDS MUST ARRIVE WITH THEIR OWN WEEKLY MED CASSETTES ALREADY SET UP WITH THE CAMPERS NAME ON THE CASSETTE IN ADDITION TO HAVING A RECENT PHOTO OF YOUR CAMPER TO ALLOW FOR ACCURATE DISPENSING OF MEDICATIONS.** St. Francis Camp feels this will cut down on whether or not a med was given. There will be no question that meds will be given at the proper time. If you bring a camper in and the meds are not set up in cassettes, you will be given a med cassette for you to fill before you leave. Also, please list all meds to be taken and times to be taken on an index card. Tape the card to the back of the med cassette. If you are sending a med sheet with listed meds and times to be taken you will not have to fill out the index card.

If a camper needs to be weighed once a week or more, please have a Doctor waive the order for their week in camp or bring in a scale.

If you have any questions, please call St. Francis Camp on the Lake at 517-688-9212.

Thank you!
